

Atlantic Business Magazine's
ECOLOGICAL AWARDS
2026 Nomination Form

This form is provided for information purposes only.

Responses MUST be submitted through the online nomination form, found using the confidential link sent via email to the address provided during the payment process. Deadline to complete and submit the online nomination form is April 1, 2026.

No question should have an answer longer than 500 words. Please provide specific details in your responses rather than generic descriptions.

Enter payment confirmation code (if you are entering more than one application, each application requires a unique confirmation code):

Part 2: Application Information

(reminder: no answer should be more than 500 words)

1. Which ONE of the following categories are you entering with this application:
 - Marine
 - Land-based
 - Circular Economy
 - Greenhouse Gas Reduction
 - Eco-builder
 - Green Manufacturing
2. Tell us about your company/organization (when and where was it founded, how many people do you employ, what's your corporate mission)
3. Is your application for overall corporate operations in this category or for a specific project (if for a specific project, what is the name of this project)? *If you are submitting for overall corporate operations, your work in this category must be ongoing. If you are submitting a specific project, the project must be currently ongoing OR recently completed (between January 1, 2025 and February 28, 2026)*
4. If your application is for a specific project, what is the project purpose, mandate and budget? Is it funded internally or through an external source?

Note: if this application is for a project, your following answers should be specific to that project.

5. When and why did you (company/project) start working in this category area?
6. What challenges have you encountered with implementing your (company/project) work in this category area? How did you overcome those challenges?
7. What eco-outcomes have you accomplished? Please include specific, measurable outcomes in your response.
8. What makes your company/project unique, innovative and worthy of recognition as an ecological leader in your industry?
